

## Declaration of Compliance

This declaration of compliance relates exclusively to the product specified herein in the state in which it was placed on the market. Any components added, handling effected or modifications carried out subsequently are expressly excluded. The present declaration ceases to be valid in the event that the use of the product is not in conformance with the conditions specified in the applicable regulations, if any, and in Habasit's technical documentation. The product is intended for repeated use only.

Herewith we declare that the product specified herein is in compliance with the following food contact regulations.

### HabasitLINK POM and Bio POM gray molded modules and accessories

This product contains: polyoxymethylene (acetal)

#### EU

**Regulation (EC) No 1935/2004** on materials and articles intended to come into contact with food as amended. Specifically, this refers to the relevant Articles 3, 11(5), 15 and 17.

**Regulation (EC) No 2023/2006** on good manufacturing practice for materials and articles intended to come into contact with food as amended.

This material has been manufactured in accordance with the relevant requirements of that regulation.

**Regulation (EU) No 10/2011** relating to plastic materials and articles intended to come into contact with foodstuffs as amended.

This product meets the relevant requirements of Regulation (EU) No 10/2011 as amended and is applicable for direct contact with:

- aqueous, acidic and alcoholic food types according to Annex III, table 2
- up to 60 minutes contact time at up to 60°C
- dry and fatty or oily food types according to Annex III, table 2
- up to 60 minutes contact time at up to 100°C

The raw materials used comply with the requirements of this regulation as amended.

This product does not bring about an unacceptable change in the organoleptic properties of food.

This product contains substances with restrictions (SML, SML(T) or QM) and/or specifications as set out in Annexes I and II to this Regulation. All restrictions and specifications are met if the product is used under the conditions specified in this DoC. These substances will be disclosed to the competent authority on request.

Above mentioned product contains the following dual use additive(s) acc. to Regulation (EC) No 1333/2008 (food additives) and Regulation (EC) No 1334/2008 (flavourings) in their current version:

- Dimethyl polysiloxane, CAS No. 63148-62-9, E 900

Testing of overall migration, specific migration and other applicable restrictions (maximum permitted quantity, primary aromatic amines, etc.) was performed according to this regulation as amended.

Ratio of food contact surface area to volume used to establish the compliance of the article: 6 dm<sup>2</sup>/dm<sup>3</sup>

Food simulants and migration conditions used for migration tests:

- |                      |                   |
|----------------------|-------------------|
| - A (10% Ethanol)    | OM3, 2 h at 70°C  |
| - B (3% acetic acid) | OM3, 2 h at 70°C  |
| - D2 (vegetable oil) | OM4, 1 h at 100°C |

## USA

**FDA, 21 CFR** parts/sections 177.2470 Polyoxymethylene copolymer, 178.3297 Colorants for polymers

This product meets the relevant requirements laid down in this regulation and is applicable for direct contact with:

- aqueous, acidic and alcoholic (<8% alcohol) food as listed in 21 CFR 176.170(c) table 1, food types I, II, IV-B, VI-A, VI-B, VII-B

Conditions of use D (hot filled or pasteurized below 150°F) through G (frozen) as listed in 21 CFR 176.170(c) table 2

- dry and fatty/oily (incl. free fat and oil) food as listed in 21 CFR 176.170(c) table 1, food types V, VIII, IX

Conditions of use C (hot filled or pasteurized above 150°F) through G (frozen) as listed in 21 CFR 176.170(c) table 2

Product is manufactured and declaration issued by:

Habasit Italiana S.p.A. (Vittorio Veneto / PLM)  
Via Mascagni 55  
I-31029 Vittorio Veneto/TV  
Italy
