# HabasitLINK® Material Data Sheet Reinforced and heat stabilized Polyamide PA+GF

0.00053

### Material description

- Specially heat stabilized
- Flammability UL94 HB
- High strength and stiffness due to reinforcement
- Good fatigue properties

To assist the layout and calculation of Habasit plastic modular belt conveyors, Habasit provides additional documentation and instruments on request.

- Engineering Guide with further complementary details to the design and calculation of conveyors.
- Calculation Program to analyze the dimensioning and acting forces of a planned conveyor design.

For further information or additional documentation please contact Habasit.
