

Standard material: PE03 High Density Polyethylene

Standard packaging: Box

Accessories: PA6 screws and POM nuts.

The Kit includes wear strips, nuts and crews.

Description

Machined wearstrip profile used as a simple sliding support in conveying and linear movement applications. With its good wear and chemical resistance, and inherent low noise properties, it works well with all types of machinery.

This is used in a wide range of industries such as bottling, packaging, materials handling, and food processing.
